Advice Letter No. 33

Oil Pipeline Tariff Filing

Doug Dean, Director
Colorado Public Utilities Commission
1560 Broadway, Suite 250
Denver, CO 80202

Dear Mr. Dean:

The accompanying tariff, **Colorado P.U.C. No. 12.15.0**, is issued by Magellan Pipeline Company, L.P. (MPL), in compliance with requirements of Public Utilities Law.

Colorado P.U.C. No. 12.15.0 cancels MPL's First Amended Colorado P.U.C. No.12.14.0. **Colorado P.U.C. No. 12.15.0** contains rules, regulations and rates for the movement of petroleum products on MPL's pipeline system from origins and to destinations in the Denver, Colorado area.

Pursuant to the Federal Energy Regulatory Commission's orders in Docket No. OR10-6-000 issued on December 14, 2011 (137 FERC ¶ 61,222)¹ and Docket No. OR97-13-000 issued on May 18, 1998 (83 FERC ¶ 61,183),² MPL is authorized by the Federal Energy Regulatory Commission to charge market-based rates not subject to the FERC index to Denver-area destinations. The increases MPL proposes in Colorado P.U.C. No. 12.14.0 are consistent with the increases applied to MPL's interstate transportation rates to Denver-area destinations.³

This Advice Letter No. 33 and the associated tariff is being issued with a proposed effective date of July 1, 2022. This letter and associated tariff mentioned above has been e-filed with the Colorado Public Utilities Commission. I have sent copies of this tariff to all subscribers. If you need further information concerning this tariff filing, please call me at (918) 574-7176.

Yours very truly,

Jake Nolte
