

Magellan's Performance Diesel Additive, now with POWERGUARD® Detergent Technology

Providing a fuel that meets today's demanding diesel engines requires the use of a high quality diesel detergent. Magellan's new performance diesel additive with Powerguard® Detergent Technology is offered at three different dosage rates to fit the needs of your business. All three options provides a cetane boost and also meet or exceed Top Tier Diesel detergency requirements. Available for use in all on and off road diesel and biodiesel blends.

Tier 3

DETERGENCY +++

- Maximum injector cleanliness
- Cetane boost up to 5 numbers
- Restores horsepower
- Reduces filter plugging
- Maximizes fuel economy
- Improves lubricity

Tier 2

DETERGENCY ++

- Clean and maintains injectors
- Cetane boost up to 3 numbers
- Reduces filter plugging
- Improves fuel economy
- Improves lubricity

Tier 1

DETERGENCY +

- Keeps injectors clean
- Contains cetane improver
- Maintains fuel economy
- Reduces filter plugging
- Improves lubricity
