Transmittal No. 232

Oil Pipeline Filing:

To: Kimberly D. Bose, Secretary
FEDERAL ENERGY REGULATORY COMMISSION
888 First Street, N.E.
Washington, DC 20426

Dear Secretary Bose:

The accompanying Magellan Pipeline Company, L.P. ("MPL") tariff listed below, issued on March 31, 2022, to be effective on May 1, 2022, is sent to you for filing in compliance with the requirements of the Interstate Commerce Act and the rules and regulations of the Federal Energy Regulatory Commission. These tariffs are issued by Jake Nolte, Supervisor Pipeline Tariffs of MPL.

F.E.R.C. No. 170.37.0 canceling F.E.R.C. No. 170.36.2 IS22-365-002

The tariff above is a volume incentive tariff. F.E.R.C. No. 170.37.0 cancels the volume incentive program and rates in Items 250 and 251. The volume incentive program established in Item 250 is expiring on May 1, 2022, and therefore the rates in Item 251 are no longer required. Additionally, Magellan is establishing a new temporary volume incentive program in Item 255 of F.E.R.C. No. 170.37.0 for any shipper who meets the terms set forth in that item on a month-to-month basis. All rates proposed in Item 255 are below the corresponding base rates filed in Magellan's F.E.R.C. No. 160.39.2. The table of contents and references to other tariffs have been updated as needed and are marked with appropriate wording-change indicators. The tariff contains no other changes.

MPL hereby respectfully requests that all protests, complaints, suspensions, motions, or orders, which in any way affect this publication, be transmitted via facsimile concurrent with their filing/issuance to Jake Nolte and Leah Ward at (918) 574-7039, confirmed at the telephone numbers shown below.

I hereby certify that I have on or before this date sent one copy of the publications and transmittal to each subscriber thereto by means of transmission agreed upon in writing by the subscriber. Questions and services regarding this filing should be directed to Jake Nolte at the address and phone number shown below.

Respectfully submitted,
